It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

1. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned vehicle for the long drives.

2. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

3. According to the WHO and CDC, there is no risk of yellow fever in Botswana. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to Botswana from a Yellow Fever endemic country, or have recently travelled to a Yellow Fever endemic country (with entry stamps in your passport), including the following countries (but not limited to): Angola, Benin, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Congo, Democratic Republic of the Congo, Republic of the Cote d'Ivoire (Ivory Coast) Equatorial Guinea, Ethiopia, Gabon, Gambia, Ghana, Guinea Zambia, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda, Argentina, Bolivia, Brazil, Colombia, Ecuador, French Guiana, Guyana, Panama, Paraguay, Peru, Suriname, Trinidad and Tobago, Venezuela.

**We advise all travelers to Botswana who are coming from one of the above countries, or who have visited them in the last 10 years, to be prepared with a Yellow Fever vaccination certificate or letter from your doctor with proof of vaccination. Yellow Fever inoculations need to be administered at least 10 days prior to your entry into the country. Border officials in Botswana have been strictly enforcing these requirements. Travelers without the correct documentation run the risk of being denied entry, and will not be able to continue with the tour. (Any additional travel expenses will be on your own account.) **

4. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

5. DRONES

The use of drones in national parks in Southern Africa is prohibited.

Group Leader Description

On this tour, you will be accompanied by a group Chief Experience Officer (CEO) and an expert driver. The Chief Experience Officer (CEO) will be the group manager and leader. All of our leaders in southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

As the group manager and leader, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places where are travelling, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure. In addition, as an integral part of the team, your driver is skilled and experienced driver who has intimate knowledge of the vehicle and routes travelled.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Group Size Notes

Max 18, avg 14.

Meals Included

7 breakfasts, 2 lunches, 3 dinners

Meals

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available in southern Africa. On this tour, we provide only a few meals for you and your group members, so as to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility in your choices. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though - while in the larger centres, your CEO will be able to suggest favourite restaurants during your trip.

Your CEO prepares the meals included in the Okavango Delta, arranging to purchase the foodstuffs before our bush camping excursion begins. Breakfasts will generally be cereals, if time allows a warm breakfast may be prepared. Lunches will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

For the included meals, vegetarian meal requests and other dietary requirements need to be specified prior to arrival.

Transport

Air-conditioned touring vehicle, walking, mokoro, safari vehicle.

About our Transportation

For all of our standard class trips in southern Africa, including this tour, we use a private local bus for the journey. With air conditioning, and sliding windows, this style of transportation is a comfortable way to travel through the region. In addition, even with a full group of 18 travelers, there will be extra space for the benefit of the group. Having our own private vehicle throughout the tour allows us the flexibility of making stops when needed. In addition, we are able to travel to out-of-the-way locations where public transportation does not reach.

Road conditions in the region can range from good to very poor. As such, we slow our traveling speed in the rough spots and enjoy some sand and bumps en route - something which is of course part of the adventure of traveling in Africa!

In the Okavango Delta, we leave our bus behind and explore in the area in mokoros - traditional dug-out canoes. The mokoros usually seat 2 people and are handled by 'polers' - so named as they move the mokoro forward by using a very long pole pushed into the ground under the water. This is a relaxing and peaceful way to take in the fascinating environment and wonderful scenery of the delta.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

REGIONAL INFORMATION

Climate

Southern Africa is renowned for its excellent outdoor living climate. The winter months are from May to September and are characterized by cold nights and pleasant days. Summer is from October to April and starts off with increasing dry heat and dust. Rains generally only start from mid to late December and last until March; this period is hot and humid.

Electricity

220-240V, 50 HZ, Most electrical plugs are 15 amp 3-prong with round pins. International adaptor are called for, they can be purchased locally (approx 2 U\$).

Language

There are multiple official languages in Namibia, Botswana and Zimbabwe, although English is widely spoken. There are also numerous dialects spoken throughout different parts of these lands.

Namibia:

Full country name: Republic of Namibia

Major trading partners: UK, South Africa, Spain, Japan, Germany, USA

Formally known as South West Africa. The whole territory became German protectorate in 1884, except for the British/Cape Colony enclave of Walvis Bay. After the First World War the territory was administered by South Africa until independence on 21 March 1990. The capital is Windhoek and the second largest town is Walvis Bay, Namibia's only port. Swakopmund is a coastal town with a German influence and revolves mainly around tourism. Namibia's economy relies on diamond mining in the south, cattle farming in the north, fishing along the coast and tourism. Most of the country is desert or semi desert. There is a population of around 1.8 million. This, around 1, 5 people per sq. km is one of the lowest in the world. The official language is English although there are many different cultures including Herero, San, Koikoi, Owambo, Afrikaans and German. Namibia was at one stage a German colony therefore having German-speaking people. About 75% of the locals are Christian and the others have traditional beliefs. Namibia is a land of contrasts. Being largely semi-desert and desert, midsummer temperatures may rise to 40°C, while winter night temperatures can drop to freezing. Along the coast it is cool, with regular morning fogs. Namibia's rain falls in summer, from October to April, and the land averages 300 days of sunshine annually.

Botswana:

Full country name: Republic of Botswana

Area: 600,370 sq km (231,800 sq mi)

Population: 1.6 million Capital city: Gaborone (pop 192,000)

People: Botswana 60%, Bakalanga, Basarwa, Bakgalagadi

Languages: English, Setswana

Religions: indigenous beliefs 50%, Christian 50%

Government: parliamentary republic

President: Seretse Ian Khama

Major industries: diamonds, copper, nickel, coal, salt, soda ash, potash, livestock processing, sorghum, maize, millet, pulses, groundnuts (peanuts), beans, cowpeas, sunflower seed, livestock

Major trading partners: EU, Southern African Customs Union (SACU), Zimbabwe

The first inhabitants of Botswana were the San (Bushmen). They still populate the country, but the Tswana tribe is now more prominent. Other tribes include the Kalanga, Nbukushy, Yei and the Herero. The Herero women still wear the full-length Victorian-style dresses, which were introduced to them by German missionaries in the late 1800's, however it is now a tribal trademark. The British controlled Bechuanaland (as Botswana was then known) from 1885 until the country received their independence on September 30th 1966. Ironically diamonds were discovered in Botswana in 1967! Interesting fact - Botswana's diamonds do very well on the International market as they are classified as "Blood free," meaning they are not used to fund guerrilla warfare. Botswana has the strongest economy and currency in Africa, mostly due to their diamonds and livestock. The European Union put many stipulations on their imported meats and Botswana's tight veterinary checks, aiming at controlling foot and mouth, mean that the EU are happy to buy their meat. Agricultural income will improve when they have combated the problem of widespread drought. They are currently installing irrigation systems around the country to try to feed the most water-deprived areas. Botswana handles its international debt much better than any other African country with the interest being paid with one months export earnings, rather than the six months earnings it takes most other African countries. With the amount of for ex saved up the country could survive with no income for 36 months. Botswana has the world's highest birth rate at 3.5%, and average women have 5 children. The country has a strong currency, the Pula meaning rain and the Thebe meaning raindrop. Government policies and poaching: Their policy on tourism is "high cost and low impact" therefore rather having a few less tourists and charging more money for the privilege of a visit to a park or similar. The country has a very good army, which has an anti poaching unit. Poaching has in the past been a problem in the country but in now almost under control. The army is allowed to shoot to kill without asking questions if you are caught poaching. Rhinos are very few due to poaching and they have breeding programs in place.

Zimbabwe:

Full country name: Republic of Zimbabwe (and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia)

Area: 390,757 km²

Population: 16 111 699

Capital cities: Harare

People: The country is made up of Bantu-speaking ethnic groups, with the majority of the population comprised of the Shona and Ndebele groups.

Languages: Zimbabwe has three official languages: English, Shona (the Bantu language with the most native speakers), and Ndebele (also a Bantu language). In total Zimbabwe has 16 officially recognized languages.

Religion: The majority of Zimbabweans are Christian.

Major industries: Mineral, gold and agricultural products make up the majority of Zimbabwe's exports.

Currency: The Zimbabwean Dollar

Officially the Republic of Zimbabwe and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia) is a landlocked country located in the southern part of the African continent, between the Zambezi and Limpopo rivers. It is bordered by South Africa to the south, Botswana to the southwest, Zambia to the northwest and Mozambique to the east. Zimbabwe began as the British crown colony of Southern Rhodesia, created from land held by the British South Africa Company. President Robert Mugabe is the head of State and Commander in Chief of the armed forces. Morgan Tsvangirai is the Prime Minister. Mugabe has been in power since the country's internationally-recognized independence in 1980.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The Namibian currency is the Namibian Dollar (NAD), which is equivalent to the South African Rand.

In Botswana, you pay with Pula (BWP). The official currency of Zimbabwe is the Zimbabwean Dollar, denoted by ZWD.

Zimbabwe uses the US Dollar and South African Rand.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will dispense local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need. The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

All passengers are advised to check the Civil Aviation Authority of Zimbabwe website for updated information on applicable departure taxes for Zimbabwe: <http://www.caaz.co.zw/>.

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

Optional Activities

Ghanzi

- Traditional San/Bushmen Dancing (100-600BWP per group)

Maun

- Okavango Delta Flight (240USD per person)

Nata

- Nata Area Bushwalk (205BWP per person)

- Nata Area Wildlife Safari Drive (310BWP per person)

Chobe National Park

- Chobe River Sunset Cruise (40USD per person)

- Chobe National Park Safari Drive (40USD per person)

Victoria Falls

- Victoria Falls Visit (30USD per person)

- Zambezi Bungee Jump (168USD per person)
- Victoria Falls Helicopter Ride - 15min (165USD per person)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you. Please do not use drones in national parks as the use of drones in national parks in Southern Africa is prohibited.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
